

Walk Safely

New Jersey

- Always Cross at Corners
- Look Both Ways Before Crossing the Street
- Always Walk Facing Traffic

OFFICE OF THE ATTORNEY GENERAL
DIVISION OF HIGHWAY TRAFFIC SAFETY

Walk Safely New Jersey

Facts:

Walking is a great activity and a great way to stay fit. However, it can also be dangerous.

Dozens of pedestrians are killed in New Jersey each year and hundreds more are injured.

Tips:

-  **Wear bright-colored clothing, especially at night. If necessary, attach a piece of reflective material to your clothing or handbag.**
-  **Walk on sidewalks or paths and always cross at the corner, within marked crosswalks.**
-  **Do not try to cross mid-block or between parked cars.**
-  **Look left, right and left again before crossing and be on the lookout for turning vehicles.**
-  **Continue to look for vehicles while crossing.**
-  **Make eye contact with the driver before crossing in front of a vehicle.**
-  **Learn the proper use of "Walk/Don't Walk" signals.**
-  **Use the buddy system. Walk and cross with others when possible.**
-  **If at all possible do not walk at night or during bad weather such as rain, snow or ice.**
