

# Crossing Streets

## At mid block

1. Stop at the curb.
2. Look left, right and left again for traffic.
3. Wait until no traffic is coming to begin crossing.
4. Keep looking for traffic until you finish crossing.
5. Walk, **DON'T RUN** across the street.

## Between parked cars

1. Stop at the curb.  
Check to see if the cars are running or if anyone is in the driver seat.
2. If safe, cross to the edge of the parked cars.
3. Look left, right and left again before crossing.

## At an intersection

1. Obey traffic signs and signals.  
**REMEMBER:** just because it is your turn does not mean it is safe to cross. Do not trust that cars will obey the rules or that turning cars will see you.
2. Look to see if cars are coming.
3. Look left, right and left and then behind you and in front of you for turning cars.

**Walk Smart Walk Safe**
