Dear Mr. Guzik:

Thank you for soliciting WWBPA's input for NJDOT Local Aid grants. Attached is a list of suggested Bicycle & Pedestrian improvements. Some of these ideas already are included in West Windsor's existing Capital Improvement Plan.

Respectfully submitted,

Anne Clifton
Trustee

Sidewalk Extension Program

571 - sidewalks on at least one side from Princeton to East Windsor, especially from

Dr., the crossing at Rabbit Hill Rd., and the 3 or 4 properties between that have
no sidewalk. May include some county ROW beyond the bridge that has no
sidewalk)

Alexander Rd. - continuous sidewalks both sides from N Post Rd. to Canal Pointe Blvd

Clarksville Rd. - sidewalks/path on at least one side from Cranbury Rd. to Quakerbridge
Rd. (especially between Cranbury Rd. and 571 *)

Trails/path

Millstone Rd. (WW) becomes Cranbury Rd. (Plainsboro) from Cranbury Rd. (WW) to
High School North

Route 1 - east side path from Plainsboro Rd. to Dinky Line Trail or Alexander Rd.

Tatemi Trail (or even just a piece of it)

Trolley Line Trail extended from Plainsboro to Mercer County Park/PNRA Boat House,
especially from expected extension ending at Village Rd. to South/North Post Rd.

Improve Crossings

Intersection of Village Rd. West and Baxter Rd.: Add round-about or other traffic
management for safer vehicle, pedestrian & bike crossing

Middle of 571 at intersection of Wallace Rd. and Cranbury Rd.: Build a pedestrian
refuge or something else to make it safer to cross

South Mill Rd. mid-block zebra crossing – rotate pedestrian crossing button to face path
